Summary

Computer Science undergraduate with hands-on experience building practical AI applications using Python, Large Language Models (LLMs), and RAG pipelines. Passionate about developing intelligent software solutions and automating workflows.

Education

Rayalaseema University College of Engineering

2024 – 2027

Bachelor of Technology in Computer Science and Artificial Intelligence

kurnool, Andhra Pradesh

CGPA : 8.0

Diploma - Brindavan Institute Of Technology And Science

2021 – 2024

CGPA : 8.3

Technical Skills

Languages: Python, SQL

AI/ML: Machine Learning, RAG, NLP, LLMs

Frameworks: LangChain, HuggingFace, Streamlit

Libraries: Numpy, Pandas

Coursework: DBMS, Object-Oriented Programming

Tools: Git, GitHub, VS Code, Jupyter Notebook

Projects

AI Resume Analyzer | *Python, Streamlit, Groq API, PyPDF*

Aug 2026

- Developed a GenAI-powered resume analysis application that extracts text from PDF resumes and evaluates them against job descriptions.
- Integrated Groq LLM API with structured prompts to perform ATS-style analysis, identify missing keywords, and provide resume improvement suggestions.
- Implemented PDF text extraction using PyPDF, secure API key handling with python-dotenv, and an interactive Streamlit dashboard for resume analysis.

Experience

Edunet Foundation–Microsoft–AICTE

Apr 2025 – May 2025

Foundations of AI Virtual Intern

- Successfully completed a 4-week virtual internship on Foundations of Artificial Intelligence.
- Learned fundamental concepts of Artificial Intelligence through structured training modules.
- Gained exposure to AI fundamentals and industry-oriented learning resources.
- Submitted Project and earned a certificate of Completion from Edunet Foundation under a Microsoft initiative in collaboration with AICTE.

Certifications

- AWS Cloud Computing - Andhra Pradesh State Skill Development
- Python for Data Science - Reliance Foundaton Skilling Academy
